Dear Parents and Carers

I am sure you are as shocked as I am every time you hear about knife crime in the news. Whilst knife crime remains relatively low in Hampshire in comparison to other parts of the country, we cannot be complacent. It is important that authorities, schools and families work together to protect children and communities. To do this, parents must be aware of the warning signs and talk to children about carrying weapons. The consequences of being found in possession of a knife are serious and long-lasting, affecting education, employment and travel opportunities, but most crucially, life.

A number of charities and organisations produce resources to support parents and help children:

I have also attached a copy of an information leaflet produced by Wiltshire Constabulary.

The Offensive Weapons Act 1996 makes it a specific offence to carry a knife on school premises, a point that hardly needs reinforcing. Students and parents should be aware about the serious consequences of bringing knives, multi-tools, bladed items, or tools onto the school premises. Bringing such items to school, even unintentionally, can lead to serious disciplinary action, police involvement, and potential legal consequences.

We understand that some students may use multi-tools for activities such as camping, bike repairs or hobbies outside of school. However, these items have no place in school. If a student is found in possession of a knife, multi-tool or potentially dangerous tools, the school will take immediate action, which could include suspension, permanent exclusion, or police intervention.

We ask for the support of parents and carers in checking that students do not bring any prohibited items to school. If you have any concerns or questions, please do not hesitate to contact us.

Thank you for your cooperation and please discuss the information leaflet with your child.

Yours sincerely

# KNIFE CRIME

Everyone has the right to live a life free from fear and violence.

We all have a duty and responsibility to keep each other safe from violence, and expect that our friends, family and children won't be carrying weapons.

Any incident where a knife or weapon has been carried or used with the intention to harm is a concern to us and police will investigate.

**Knives are an everyday object but used for the wrong reasons they can be life threatening.**

Most young people and adults don't carry a knife or weapon; it is not a normal thing to do.

A small number of people do find themselves involved in knife crime but despite these numbers being small, the effects of knife crime can reach a lot of different people. Innocent bystanders can get caught in the middle of other people's disputes and suffer trauma, serious injuries or worse. A wound in the arm or the leg can still be life threatening.

If you carry a knife it doesn't just affect you it will affect your family and friends. It will affect your parents or children, especially if you were to go to prison, or worse killed.

**Carrying a knife is illegal in the UK and the consequences are tough. If you're found with a knife in your possession even if it is not yours, the Police and the courts will take firm action. Possession of a knife can carry a prison sentence of up to four years, even if it's not used.**

If you carry a knife you are more likely to be injured. You are safer not carrying a knife.

## THE LEGAL BIT...

- It is illegal to carry a knife, blade / sharp point or offensive weapon in a public place. You can be arrested for this.
- If someone is injured or killed by a knife in your presence, even if you are not the one using the weapon, you too could be prosecuted and sent to prison for murder in what is referred to as 'joint enterprise'.
- It's illegal for a shop to sell any kind of knife to someone under 18. This includes kitchen knives and even cutlery.

- It's illegal for shops to sell imitation guns or air weapons to anyone under 18-years-old, or to sell realistic imitation guns to anyone. It is also an offence to buy imitation guns.

- Some knives are illegal for anyone to buy:
  - Flick knives - also called 'switchblades' or 'automatic knives'
  - Butterfly knives
  - Disguised knives - in which the blade is hidden in something like a belt buckle or fake mobile phone.

These are all categorised as offensive weapons ("any article made or adapted for use to cause injury to a person, or intended by the person having it with him for such use") and are completely banned.

## AGE OF CRIMINAL RESPONSIBILITY...

In England and Wales, the age when you are criminally responsible for your actions is 10 years old. Children between 10 and 17 can be arrested and taken to court if they commit a crime.

Children under 10 who break the law are treated differently to adults or youths under 18 who commit a criminal offence. Children under 10 cannot be charged with committing a criminal offence. However, they can be given a:

- Local Child Curfew
- Child Safety Order.

Children under 10 who break the law regularly can sometimes be taken into care, or their parents could be held responsible.

## WHAT ABOUT PARENTS...

Parents can sometimes be held responsible if their children get in trouble with the police. If children are repeatedly in trouble and parents don't take reasonable steps to control their behaviour the parents could be:

- asked to attend a parenting programme
- asked to sign a Parenting Contract
- given a Parenting Order by a court

This is to support parents in stopping their children from getting in trouble again. Usually they are voluntary, but sometimes it is made more formal by a court.

## DID YOU KNOW...

- Police can stop and search someone they think is carrying a knife or weapon.
- Police can come into schools and search for knives if they think the law is being broken.
- Head teachers have the power to search pupils for weapons in line with the Violent Crime Reduction Act 2006.
